

You're Invited!

It doesn't matter if you answer to Grandma, Grandpa, Grammie, Poppie, or MeMaw, you are invited to join our exclusive grandchild-loving group of supporters, the Grandparents' Club!

McLane Children's understands that every child that enters our hospital is someone's precious grandchild, and we aim to serve them with the same incredible care and love that you do.

The Grandparents' Club was established in 2011 as a way to honor the amazing grandchildren in your life, while providing funding for life-saving equipment and other necessities at McLane Children's Medical Center. Since its inception, the Grandparents' club has funded specialty recliners for patient rooms, kitchen equipment, medical equipment, and much more. Many of our Grandparents organize fundraisers, assist with special events, bake cookies for our patients, and even help in the McLane Children's Starflower gift shop.

To become a member of the Grandparents' Club, all that we ask is that you meet the minimum requirements:

1. You are a Grandparent (Honorary or aspiring grandparents-to-be are also welcome!)
2. You unconditionally love your grandchild or grandchildren
3. You donate an annual membership gift at any of the three giving levels below

If you have any questions, we would love to speak with you more about this exciting program. Please contact Rachel at 254-899-3766 or Rachel.Clark@BSWHealth.org

I am interested in leaving a legacy at McLane Children's through estate planning.

I am interested in volunteering at McLane Children's.

Ryleigh, like many grandchildren, benefitted from life-saving treatment at McLane Children's. Ryleigh and her twin sister Huntleigh surprised their parents by arriving 16 weeks early. Both girls had severe health complications

due to premature birth and unfortunately Huntleigh's underdeveloped lungs collapsed only 10 hours after her birth. Ryleigh had many struggles to endure after the loss of her sister, she had heart surgery and an E coli infection that turned septic all before a month old. After spending 88 days in the NICU at McLane Children's, she was finally able to come home.

Ryleigh is now a happy, healthy young girl that according to her parents, and everyone she meets, is "pure sunshine". Her family is thankful for the care they received at McLane Children's and now are proud supporters of McLane Children's Medical Center.

Baylor Scott & White McLane Children's Medical Center

With leading-edge technology, equipment and accommodations designed especially for children, Baylor Scott & White McLane Children's Medical Center provides a nurturing environment for Central Texas children to heal and thrive. Our health professionals deliver family-centered care in a bright, colorful and friendly environment.

McLane Children's features 112 inpatient beds, highly skilled practitioners in over 40 pediatric specialties, a 14-bed pediatric emergency department, and much more.

Caring for our community's children requires specialized equipment, space, and expertise in many pediatric specialties. Since 2012, patient visits to McLane Children's increased significantly and are expected to continue to grow.

Your gifts to the Grandparents' Club and other programs supporting McLane Children's ensure the best in children's health for generations to come.
